Director of Public Works Andy LaFond reported that along with Arbor Day, application was made for Tree City USA Certification to the Arbor Day Foundation, and the Village is pleased to be awarded this recognition.

Regional Urban Forestry Coordinator with the Department of Natural Resources Olivia Witthun was in attendance to present the Tree City USA Certification. The Village has been meeting the specifications necessary to become a Tree City for years.

The following standards need to be met in order to maintain Certification:

- The first standard is that a Tree Board or Department must be utilized. The Thiensville Department of Public Works is in charge of the Village trees.
- The next standard is that at least \$2.00 per capita is spent on tree care. The Village has gone above and beyond this.
- A tree Ordinance must also be adopted.

The final standard to be met is to have an Arbor Day celebration. Arbor Day is generally celebrated on the last Friday in April. This year Arbor Day is on April 29, 2016.

Milwaukee Area Technical College will be welcomed back to prune trees for the Village.

The Village was presented with the Tree City USA plaque, banner and street signs.

Administrator Robertson reported that Mr. Pentler received a quite extensive bill. By the time that Mr. Pentler made his decision to hook up, the contractor had already paved over where Mr. Pentler would need to connect. Mr. Pentler is asking that the Village waive this fee. Mr. Pentler is not hooking up at this time and has not taken the opportunity to seek a deferral.

There is one other property owner that the Village is working with on a similar issue. The only tapping fee for this project was for Mr. Pentler. President Mobley shared that Mr. Pentler does have a very large bill. He received a per-unit cost for every apartment unit and has quite a bit of frontage.

III. BUSINESS

A. Review Capital Expenditures List

Administrator Robertson reported that there was nothing to add to the 2016 Capital Expenditures List.

B. Review and recommendation regarding Use of Molyneux Park by the Thiensville Business Association to have Jazz in the Park

In attendance from the Thiensville Business Association (TBA) were Jesse Daily, Marc Mrugala and Amy Ollman. Ms. Ollman presented to the Board the idea of "Week in the Ville." This event will be held the week of Family Fun Before the 4th. The event will start on Tuesday with the Village Market, Wednesday will have something planned, Thursday's event will be Jazz in the Park at Molyneux Park with the hours of 6:00 PM to 9:00 PM and then Friday will be Screen on the Green with Family Fun Before the 4th on Saturday.

On Thursday for Jazz in the Park, the TBA is hoping to sell beer and wine as well as use the parking lot for this event. The TBA has been looking for another event as there will no longer be Ladies Night Out. The TBA hopes to continue to do this event bi-weekly or weekly through August.

Administrator Robertson shared that a liquor license would need to be applied for.

MOTION by Trustee Lange, **SECONDED** by Trustee Kucharski to recommend to the Board approving Use of Molyneux Park by the Thiensville Business Association for Weekly Events. **MOTION CARRIED UNANIMOUSLY.**

- C. Review and recommendation to Enter Into a Franchise Agreement with The Cheel, 105 South Main Street, To Allow Outdoor Seating and Serving of Liquor in the Public Right-Of-Way

Administrator Robertson shared that the Franchise Agreement presented was recommended from the Plan Commission for approval. Owner of the Cheel, Jesse Daily was in attendance and is proposing to have three tables with chairs along the east side of the building at 105 South Main Street. The seating is on the public right-of-way which requires this Agreement with the Village.

MOTION by Trustee Beck, **SECONDED** by Trustee Kucharski to recommend to the Board to Enter Into a Franchise Agreement with The Cheel, 105 South Main Street, To Allow Outdoor Seating and Serving of Liquor in the Public Right-Of-Way. **MOTION CARRIED UNANIMOUSLY.**

- D. Review and recommendation to Adopt Ordinance No. 2016-01 Repealing, Replacing and Renaming Article V. of Chapter 18 of the Village Code To "Street Vendors"

President Mobley prefers a more restrictive rather than less restrictive Code regarding street vendors. Attorney Robert Feind explained that the current Code is entitled "Peddlers, Itinerant Merchants." An Itinerant Merchant is any individual that engages in retail sale of merchandise at any place in the Village temporarily and who does not intend and does not become a permanent merchant of such place. There are exceptions to this: a person delivering newspapers, fuel, dairy products or baker goods; any permanent merchant or employee who takes orders at the home of the buyer for merchandise regularly offered for sale by such merchant and who delivers such merchandise in their regular course of business; or a person who has an established place of business where the merchandise being sold is offered for sale on a regular basis, and in which the buyer has initiated contact with, and specifically requested, a home visit by such person.

Right now there is a fairly broad definition of what an itinerant merchant is. The new ordinance would more specifically define this as a street vendor with two classifications: push cart and motorized licensed vehicle food truck.

Police Chief Scott Nicholson reported that in the past, motorized food vendors have been stopped and informed that a permit must be obtained. There are home remodeling companies that do come through looking to solicit business.

President Mobley shared that our current license seems to be working well. Trustee Lange inquired as to how, if today a food truck came to town, how would they be licensed? Attorney Feind explained that this would be considered an Itinerant Merchant and would need a permit. The permits do not come to the Village Board for approval. The Police Department conducts a background check and then the license is issued. It is approved administratively.

The current Ordinance does not prohibit food trucks. Trustee Kucharski questioned if the Village could just prohibit food trucks in the ordinance. Attorney Feind confirmed that a new ordinance can be crafted to meet the needs of the Village. As the process stands now, if a food truck came to town and filled out a Peddler's Permit, it would be hard to stop them.

Trustee Beck would like to see an ordinance that is more restrictive as well.

Trustee Prenzlou shared the concern that the food trucks may bring additional trash concerns and does not feel that the streets in the Village can facilitate these trucks.

Committee of the Whole, meeting minutes

May 2, 2016

Page three of seven

President Mobley summarized the consensus of the Board that if any new policy is adopted, the Board would like this to be more restrictive, not less than the current policy and does not regulate the vendors at the Farmer's Market. Attorney Feind stated that this does not regulate the sale of product or other perishable products at retail or wholesale value.

Trustee Beck echoed President Mobley expressing the hopes of not to restrict those vendors at the Farmer's Market or Harley events and do not want the food trucks on the Village streets and also agreed that an ice cream cart is a different consideration than a food truck.

Trustee Lange suggested keeping the current Ordinance and adding information pertinent to a cart. Administrator Robertson added possibly limiting this as well to a certain number of days or period.

Trustee Holyoke inquired as to how to amend the existing ordinance without restricting it too much. President Mobley believes the current ordinance is working well.

Trustee Prenzlow suggested an ordinance that allows the activity under the umbrella of an organized community event.

Trustee Beck inquired as to if someone would like to have a motorized vehicle in the future, that this be brought before the Board for consideration.

Attorney Feind will work on amending the existing Ordinance.

IV. BUSINESS FROM THE FLOOR

A. Citizens to be Heard

Open to any citizen who wishes to speak on items not on the agenda. Please step to the podium and give your name and address for the record.

Jesse Daily and Marc Mrugala addressed with Board with the need for a part-time employee to help with administrative duties for the Farmer's Market and possibly other events the TBA is involved in. Mr. Mrugala suggested the TBA write a grant from the Village and the Village could grant the TBA money to pay for this employee to avoid putting another person on the payroll. The TBA would fill the role of looking for an independent contractor but is seeking help from the Village to help fund the expense.

Mr. Daily suggested that this employee could be involved with the Farmer's Market as well as any community event. Each year Mr. Daily and Mr. Mrugala spend about 685 hours just managing and facilitating the Farmer's Market. At some point Mr. Daily and Mr. Mrugala would like to pass this responsibility along as they are both in their third year of the Market.

Committee of the Whole, meeting minutes

May 2, 2016

Page six of seven

Administrator Robertson inquired as to how this person would get paid. A few years ago an independent contractor had worked for the Market. Unfortunately, she left to go to law school. Mr. Mrugala would like this position to maybe head up the festivals in Thiensville; one person that is dedicated to these events and possibly be able to help out Director of Public Works LaFond if needed.

The TBA has the ability to issue a 1099. The Farmer's Market brings in between \$12,000 - \$20,000, depending on the season. This money is used within the TBA.

This year the TBA is organizing the Family Fun Before the 4th parade and also organizing the Village Rummage Sale on Saturday, June 18th. The week before the Fun Before the 4th will start on Tuesday with the Market, on Wednesday a walking tour to visit the historic landmarks and visit businesses, Thursday will be Jazz in the Park, Friday will be Screen on the Green, and then Saturday will be Family Fun Before the 4th. Right now this is referred to as "Week in the Ville" and the TBA has hopes to bring other events weekly to promote the Village.

Trustee Lange inquired as to if this is a year-round position. Mr. Mrugala recommended this be a part-time position at this time as a 501c3 as there are no income restrictions, is not for profit and donations are tax deductible. President Mobley inquired as to the amount of the grant being sought. Mr. Daily suggested the salary of \$25,000-\$30,000. Mr. Mrugala agreed with \$25,000 and suggested that the TBA help supplement this and does not feel the Village would need to be responsible for the entire expense.

Trustee Holyoke inquired as to if there was room for the fees to be increased for the Village Market vendors. Mr. Daily shared that fees were raised, however, the number of vendors was reduced in order to not have vendors in the parking lot. The hours were also shortened to 9:00 AM to 3:00 PM because the afternoon crowd was thin and after Labor Day it was almost non-existent. The idea of have an evening Market once per month was shared to cater to those that cannot come during the day.

President Mobley inquired of the Board if there was any opposition to entertaining a grant proposal for a part-time employee. No opposition was expressed. President Mobley suggested to Mr. Daily and Mr. Mrugala to submit a proposal.

Owner of Falafel Guys Chrissy Stroli presented plans for outdoor seating at 105 West Freistadt. There are no proposed seating changes from the previous restaurant owner. Commissioner Kucharski inquired as to if there will be tables with umbrellas. Ms. Stroli confirmed there will be.

Chairman Mobley informed Ms. Stroli that their Falafel Guys truck needs to be moved. Currently, the truck is in front of their business and is being viewed as additional signage. Planner Jon Censky stated that the Sign Code specifically prohibits using a truck as signage. Ms. Stroli's concern was that adequate space needs to be available for the dumpsters as well as the delivery trucks. Ms. Stroli is understanding and will move the truck.

MOTION by Commissioner Kucharski, **SECONDED** by Commissioner Luedtke to approve Outdoor Seating for Falafel Guys, 105 West Freistadt. **MOTION CARRIED UNANIMOUSLY.**

D. Review and approval of Cedar Playset, Nick Ernster, 431 Alta Loma Drive

Nick Ernster, 431 Alta Loma Drive presented plans for a playset to be placed in the northwest corner of the property. Neighbors have been contacted and no opposition has been expressed. Planner Censky informed Mr. Ernster that the playset should be set three feet off the property line.

MOTION by Commissioner Luedtke, **SECONDED** by Commissioner Dyer to approve the Cedar Playset, Nick Ernster, 431 Alta Loma Drive. **MOTION CARRIED UNANIMOUSLY.**

**E. Review and approval of Gazebo/Patio Shelter, Fiddleheads Coffee Café,
192 South Main Street, Contingent on Other Committee Approvals**

Chairman Mobley shared that use of the public right-of-way for this project was approved at the Board of Trustees meeting on Monday, April 11, 2016. Ray Marcy, Fiddleheads Coffee Café, informed the Plan Commission that he has shared with the Village staff as well as the Village Board plans for a gazebo just to the south of their Café at 192 South Main Street. The gazebo will serve as additional seating throughout the year. The structure will require a variance because the proposed structure is 1-2 feet from the right-of-way. The Zoning Board of Appeals will meet in May to consider this variance.

This is a four-season structure that will include a gas fireplace. Commissioner Gengler inquired as to if there was any wood on the structure or if the whole structure was steel. Mr. Marcy stated that the structure is all steel and designed to be very open. There are garage doors that open and are located on the East, West and South sides of the gazebo.

Commissioner Luedtke questioned how many trees will need to be taken down. There are two pine trees that will need to be removed, one of which is already dead, and the property will be landscaped with a garden-like appearance. The current patio will remain.

Commissioner Kucharski believes these types of structures are standard and feels that it is nice, has an open feel and will draw customers. Mr. Marcy stated that the structure is very appealing and a lot of time and thought has been given to the appearance. It measures 26' x 26' and will seat 30-35 people comfortably.

MOTION by Commissioner Cabaniss, **SECONDED** by Commissioner Dyer to approve the Gazebo/Patio Shelter, Fiddleheads Coffee Café, 192 South Main Street, Contingent on Other Committee Approvals. **MOTION CARRIED UNANIMOUSLY.**

**F. Review and approval of Sign, Daryl Kranich, Downtown Pizza,
227 South Main Street**

Daryl Kranich from Downtown Pizza submitted plans for a sign at his location at 227 South Main Street. Downtown Pizza has a location in Grafton and is looking to expand to Thiensville.

This is a family business that has operated for 20 years in the restaurant industry. Downtown Pizza offers thin crust as well as deep dish pizzas. Everything is made from scratch, farmer's markets are utilized whenever possible and fresh ingredients are always used. Mr. Kranich is hoping to open the restaurant in July of this year.

Planner Censky explained that the intent is to use the existing signage with a new face. This fully complies. The proposed A-frame sign does not need Plan Commission approval and only needs to be submitted to the Building Inspector. Planner Censky recommends approval.

Commissioner Gengler did question parking and inquired as to if there was parking in the back of the building. Mr. Kranich stated that the dine-in service is not as heavy as their carry-out business.

MOTION by Commissioner Kucharski, **SECONDED** by Commissioner Cabaniss to approve the Sign for Daryl Kranich, Downtown Pizza, 227 South Main Street. **MOTION CARRIED UNANIMOUSLY.**

G. Review and approval of Sign, Christy Zach, Thiensville-Mequon Small Animal Clinic, 425 North Main Street

Christy Zach from the Thiensville-Mequon Small Animal Clinic submitted new signs for 425 North Main Street to replace existing signage. Planner Censky stated that the sign in front fully complies; however, the two directional signs exceed the maximum allowed for directional signs by 2 square feet. If these two signs are reduced in size, the sign package fully complies with the Sign Code. Ms. Zach requested a waiver for those two signs because the existing signs are that size and believes removing the existing signs may damage the building. Only one of these signs is visible from the road. Planner Censky anticipated this request. The wall panel sign will allow for doctor names to be changed easily; the current sign does not have this capability and has the name of a doctor that has not practiced at the Clinic in years.

Commissioner Gengler questioned the background color of the illuminated sign. It is light gray in color. This sign does comply.

MOTION by Commissioner Luedtke, **SECONDED** by Commissioner Kucharski to approve the Sign, Christy Zach, Thiensville-Mequon Small Animal Clinic, 425 North Main Street with the Waiver for the two Directional Signs. **MOTION CARRIED UNANIMOUSLY.**

I. Review and approval of Plans to Convert Patio to Rec Room and Storage, John Workman, 517 Alta Loma Drive

John Workman, 517 Alta Loma Drive would like to convert his back door patio into a rec room with a crawl space below. This project will result in shifting the existing outside wall, door and window to match the location of the west wall. The footprint of the home will remain unchanged.

Planner Censky shared that this is an ideal way of maximizing your home without expanding the footprint and is simply moving a wall. This fully complies and Planner Censky recommends approval.

MOTION by Commissioner Cabaniss, **SECONDED** by Commissioner Dyer to approve the plans to convert the patio to rec room and storage, John Workman, 517 Alta Loma Drive. **MOTION CARRIED UNANIMOUSLY.**

J. Review and approval of Variance to Sign Code for Temporary "For Sale" Sign, MSP Real Estate, Inc., 200 Green Bay Road

Daniel DiFrancesco, MSP Real Estate, Inc., represented Milo Pinkerton at this evening's meeting. A temporary "For Sale" sign is requested for the property at 200 Green Bay Road to be placed at the corner of Green Bay Road and Riverview Drive. This sign measures 48" x 96".

Planner Censky shared that typically "For Sale" signs do not come before the Plan Commission, however, in this instance this sign exceeds that of the allowable size. A variance is requested to the Sign Code. Basically, this is double the size of what Code allows. The setback of 20' was confirmed.

The suggested time frame of six (6) months was recommended to allow this sign, and after that time MSP may petition the Plan Commission for an extension.

MOTION by Commissioner Kucharski, **SECONDED** by Commissioner Cabaniss to approve the Variance to Sign Code for Temporary "For Sale" Sign, MSP Real Estate, Inc., 200 Green Bay Road, for a Period of Six (6) Months. **MOTION CARRIED UNANIMOUSLY.**

The shed will be constructed of galvanized steel siding with double door access. Planner Censky shared that this needs to be at least 5' from the property line and 3' from the roof of the garage. The color of the shed will match the home. There is not a concrete floor currently and the new shed has a steel floor. This shed fully complies.

MOTION by Commissioner Cabaniss, **SECONDED** by Commissioner Luedtke to approve to Replace Shed, Sam and Sally Lantinga, 200 Park Crest Drive. **MOTION CARRIED UNANIMOUSLY.**

III. PUBLIC HEARING WITH REFERENCE TO PROPOSED VARIANCE FOR MICHAEL KOEPKE, 127 SOUTH MAIN STREET. THE APPLICANT IS SEEKING A VARIANCE TO BUILD A DETACHED GARAGE THAT MEASURES SLIGHTLY LARGER THAN 1,200 SQUARE FEET AT A HEIGHT OF 23 FEET HIGH WHICH IS LARGER THAN ZONING ALLOWS, SECTION 17.0603 (F)(1 & 2), REQUIRES DETACHED GARAGES TO NOT EXCEED 625 SQUARE FEET AND SHALL NOT EXCEED TWENTY (20) FEET IN HEIGHT.

A. Clerk or secretary to read notice and explain the requested variance

Administrator Robertson read and explained the request for the variance. The reason for the request for a variance is to allow a 1,200 square foot garage that is 23 feet in height. The notice was sent to all property owners within 300 feet and published in the official newspaper, as required by law.

a. Board reviews particular section of the municipal code

The Zoning Board of Appeals reviewed Village Zoning Ordinance 17.0603(F)(1 & 2), which states "Detached Accessory Buildings 1) shall be placed or erected in the rear yard provided that not more than one (1) detached accessory building is permitted per dwelling unit, no detached accessory building shall exceed 625 square feet in area; no structure shall be closer than 5 feet to the principle structure, no detached accessory building shall exceed (20) feet in height; no accessory building shall be located closer than three (3) feet to any lot line; and all accessory structures combined shall occupy not more than 20 percent of the rear yard area. One detached accessory building is allowed on a residential parcel.

2) Subject to the approval by the Plan Commission, one detached private garage not to exceed 625 square feet in area may be placed in a side yard on any property having a residence without an attached garage provided no such garage structure shall be closer than five (5) feet to the principle structure, no detached garage shall exceed twenty (20) feet in height nor shall it be closer than three (3) feet to any lot line. Detached garages may not be sited in front of an existing residence or in such other location as shall unreasonably affect or adversely impact the beauty and general enjoyment of existing residences or adjoining properties, as determined by the Village of Thiensville Plan Commission.”

b. Applicant or representative presents their position

The applicant Michael Koepke was in attendance to present his position. He stated that this is a small property and he needs the garage for personal vehicles, boxes that are delivered from UPS and it will have an office on the upper level. Mr. Koepke will be residing, roofing, replacing the porch and painting the property. He estimates that demolition of the existing garage will be no more than \$5,000. Member Match thought that he should place money in escrow to ensure that the existing garage will be demolished.

i. Why variance is requested

“We cannot run our business with its current size. We do not have enough space and will be forced to move under the current zoning requirements. The current zoning requirements are one size fits all. Our property does not fit into the current zoning recommendations because it is too small.”

ii. What are the hardships

“Building a garage at 625 square feet does not allow enough space for our business. If the garage was attached to the house, it would not have any size restriction. That makes no sense at all.”

iii. Other possible solutions

“My neighbor to the north has a 4 car garage with a 3 story house with a 12 pitch roof that’s 40 plus feet. My neighbor to the south has multiple storage facilities that are many times as big as what I am proposing.”

c. Comments from anyone present requesting to be heard

Greg Mueller, 121 S. Main Street, who is the neighbor to the north, is in favor of this project. He has lived there for 27 years and has been waiting for improvement to be made to the subject property. He believes there is no negative to this project.

Village Planner Jon Censky provided the report below.

Proposal:

The applicant is proposing a new garage at the far back end of his property located at 127 South Main Street. According to these plans, this garage will stand 22'8" high, measures 32' X 35' for an overall size of 1,120 square feet and will be located 3' from the rear property line and 2'3" from the north and south property lines. According to **Section (F) (1&2) of the Zoning Code, Detached accessory buildings shall be placed in the rear yard. Subject to Plan Commission approval, one detached private garage not to exceed 625 square feet in area may be placed in the side yard on any property having a residence without an attached garage provided no such garage structure shall be closer than five (5) feet to the principle structure, no detached garage shall exceed twenty (20) feet in height nor shall it be closer than three (3) feet to any lot line. Detached garages may not be sited in front of an existing residence or in such other location as shall unreasonably affect or adversely impact the beauty and general enjoyment of existing residence or adjoining properties, as determined by the Village of Thiensville Plan Commission.**

While the plans show an existing garage directly west of his principle structure, the applicant has indicated that the existing garage will be razed as part of this project. He also indicated that the plans will be adjusted to comply with the required 3 foot setback requirement from any property line.

Accordingly, based on my review of the plan a denial letter was sent to the applicant due to the fact that the size and height of the proposed garage exceeds the maximum limits allowed by code. This denial is subject to his commitment to raze the existing garage and to adjust to the building location to meet the required setbacks from all plot lines.

According to Section 17.1007 FINDINGS, No variance or special exceptions to the provisions of the Zoning Code shall be granted by the Board of Appeals unless it finds beyond a reasonable doubt that all the following facts and conditions exist and so indicates in the minutes of its proceedings:

A. Preservation of Intent. No variance shall be granted that is not consistent with the purpose and intent of the regulations for the district in which the development is located. No variance shall have the effect of permitting a use in any district that is not a stated permitted use, accessory use, or conditional use in that particular district.

B. Exceptional Circumstances. There must be exceptional, extraordinary, or unusual circumstances generally applying to the lot or parcel, structure, use or intended use that do not apply generally to other properties or uses in the same district and granting of a variance would not be of so general or recurrent nature as to suggest that the Zoning Ordinance should be changed.

C. Economic Hardship and Self-Imposed Hardship Not Grounds for a Variance. No variance shall be granted solely on the basis of economic gain or loss. Self imposed hardships shall not be considered as grounds for the granting of a variance.

D. Preservation of Property Rights. That such variance is necessary for the preservation and enjoyment of substantial property rights possessed by other properties in the same district and same vicinity.

E. Absence of Detriment. That the variance will not create substantial detriment to adjacent property and will not materially impair or be contrary to the purpose and spirit of the Ordinance or public interest.

Planner's Recommendation:

Accordingly, an argument must be made to establish the uniqueness of the applicant's situation that separates it from other similarly zoned properties in order to prevent setting precedent. In this instance, Board Members can consider the following findings:

- *Preservation of Intent.* There is no impact on the intent of the Code with respect to the height of the proposed garage as it will be located in the rear yard adjacent to an existing commercial building to the south that is much higher than the one being proposed and to an existing garage to the north that is similar in height. The use of the area is not changing.
- *Exceptional Circumstances.* The applicant resides in the same structure that their commercial business is located on a site that is zoned commercial wherein garages are permitted accessory uses. The size and height are needed to support both his residential and commercial needs and without the size and height as proposed, the applicant cannot enjoy the benefits of the B-1 Central Business District.
- *Economic hardship and self-Imposed Hardship.* There is no economic or self-imposed hardship as the applicant will otherwise be forced to move his operation and residence from this property.
- *Preservation of Property Rights.* The design of the applicant's garage is similar to the existing garage to the north and without this variance the applicant cannot enjoy the same benefits as does the property owner to the north.
- *Absence of Detriment.* The garage will be located immediately north of a commercial building that is much higher and contains more mass than the proposed garage and is just south of an existing garage similar size and height. Accordingly, this garage is not a change to the character and would not be detrimental to the neighbor.

If Board Members grant approval of the proposed variance it should be subject to the following:

1. The existing garage shall be razed immediately following the construction of the new garage.
2. The proposed garage shall be set back at least 3 feet from any property line.
3. The applicant shall secure Plan Commission approval of the garage prior to the issuance of a building permit.

d. Other communications received

Administrator Robertson stated that there were no written communications received either in favor or opposed to this request.

IV. CLOSE OF PUBLIC HEARING

MOTION by Member Match, **SECONDED** by Member Pasternak to adjourn to close the public hearing 6:11PM. **MOTION CARRIED UNANIMOUSLY.**

V. CLOSED SESSION

No closed session was held.

VI. MOTION AND ROLL CALL VOTE ON APPEAL

MOTION by Member Daily, **SECONDED** by Member Davis to grant a variance to Michael Koepke for the property located at 127 South Main Street as delineated below.

- *Preservation of Intent.* There is no impact on the intent of the Code with respect to the height of the proposed garage as it will be located in the rear yard adjacent to an existing commercial building to the south that is much higher than the one being proposed and to an existing garage to the north that is similar in height. The use of the area is not changing.
- *Exceptional Circumstances.* The applicant resides in the same structure that their commercial business is located on a site that is zoned commercial wherein garages are permitted accessory uses. The size and height are needed to support both his residential and commercial needs and without the size and height as proposed, the applicant cannot enjoy the benefits of the B-1 Central Business District.
- *Economic hardship and self-Imposed Hardship.* There is no economic or self-imposed hardship as the applicant will otherwise be forced to move his operation and residence from this property.
- *Preservation of Property Rights.* The design of the applicant's garage is similar to the existing garage to the north and without this variance the applicant cannot enjoy the same benefits as does the property owner to the north.
- *Absence of Detriment.* The garage will be located immediately north of a commercial building that is much higher and contains more mass than the proposed garage and is just south of an existing garage similar size and height. Accordingly, this garage is not a change to the character and would not be detrimental to the neighbor.

Based on these findings, the Zoning Board of Appeals approves the variance subject to the following:

1. The existing garage shall be razed immediately following the construction of the new garage.
2. The proposed garage shall be set back at least 3 feet from any property line.
3. The applicant shall secure Plan Commission approval of the garage prior to the issuance of a building permit.

BOARD OF REVIEW

The annual Board of Review will be held on Friday, May 27, 2016 from 1PM to 3PM. It has been quiet, so I expect no appeals at this time.

MAIN STREET PROJECT

Third Phase 3 has begun. The contractor is now diamond grinding the road, which will take approximately 3 days for every driving lane. Once the diamond grinding is finished they will be working on installing the medians and bump outs. The completion date has not changed, which is June 24, 2016.

GREEN BAY ROAD CONSTRUCTION

The City of Mequon has posted detour routes for their Green Bay Road Reconstruction Project from the Village limits north to Highland Avenue. The reconstructed road will have bike lanes, similar to the bike lanes the Village installed a few years ago.

If any repairs required to be made by Franchisee hereunder are not made within 30 days after written notice delivered to Franchisee by Franchisor, Franchisor may, at its option, make such repairs without liability to Franchisee for any loss or damage which may result and Franchisee shall pay to Franchisor upon demand as additional rental hereunder the cost of such repairs. At the expiration of the Franchise Term, Franchisee shall surrender the Premises in good condition, reasonable wear and tear excepted. Amounts not repaid on a timely basis will be considered default and Franchisor shall have the right of default as described herein.

Such insurance shall name Franchisor, its agents, beneficiaries, and employees as additional insured parties and shall provide that Franchisor shall be given a minimum of ten (10) days' notice by the insurance company prior to cancellation, termination, or change of such insurance. Franchisee shall provide Franchisor with copies of the policies or certificates evidencing that such insurance is in full force and effect and stating the terms thereof.

ARTICLE 9. WAIVER OF SUBROGRATION

Franchisor, Franchisee, and all parties claiming under them mutually, release and discharge each other from all claims and liabilities arising from or caused by fire or other casualty or hazard covered or required hereunder to be covered in whole or in part by insurance on the Premises or in connection with property on or activities conducted on the Premises, and waive any right of subrogation which might otherwise exist in or accrue to any person on account thereof. alterations to the Premises as may be required under this Agreement or as Franchisor may elect. Any entry into or inspection of or repairs, additions, improvements, changes, or alterations to the Premises pursuant to this Article shall not constitute eviction of Franchisee in whole or in part and the rent shall not abate while such work is being done by reason of loss or interruption of business of Franchisee or otherwise. In the event of any such repairs, additions, improvements, changes, or alterations, Franchisee shall, at Franchisee's sole cost and expense, remove promptly Franchisee's fixtures, equipment, inventory, and other property to the extent required to enable Franchisor to make such repairs, additions, improvements, changes, or alterations. Franchisor may enter the Premises, without terminating this Agreement, and perform any covenant or agreement or satisfy or observe any condition creating or giving rise to a default under this Agreement. Franchisor, its agents or employees, shall have the right to enter the Premises and such entry and such performance shall not terminate this Agreement or constitute an eviction of Franchisee in whole or in part, nor relieve Franchisee from the continued performance of all covenants, conditions, and agreements in this Agreement. Franchisee further

agrees that Franchisor shall not be liable for any claims for loss or damage to Franchisee or anyone claiming through or under Franchisee.

- ii. Franchisor may terminate Franchisee's right of possession, without termination of this Agreement, in which event Franchisee agrees to surrender possession and vacate the Premises immediately and deliver possession thereof to Franchisor and Franchisee hereby grants to Franchisor full and free license to enter into and upon the Premises, in whole or in part, with or without process of law and to repossess Franchisor of the Premises or any part thereof and to expel or remove Franchisee and any other person, firm, or corporation who may be occupying or within the Premises or any part thereof and remove any and all property there from, using such force as may be necessary, without terminating this Agreement or releasing Franchisee in whole or in part from Franchisee's obligation to provide the requisite Compensation and perform any of the covenants, conditions, and agreement to be performed by Franchisee as provided in this Agreement without being deemed in any manner guilty of trespass, eviction, or forcible entry or detainer, and without relinquishing Franchisor's right to rental or any other notice of any election made by Franchisor under this Article, demand for payment of rent or for possession, including any and every form of demand and notice prescribed by any statute or other law.

- b. No Waiver. The service of a notice to quit the Premises, demand for possession, notice that the tenancy hereby created will be terminated on any date, institution of an action of forcible detainer or ejectment or entering of a judgment for possession of the Premises shall not relieve Franchisee from Franchisee's obligation to pay the requisite Compensation hereunder during the balance of the Franchise Term or any extension thereof, except as herein expressly provided. The providing of the requisite Compensation by the Franchisee thereof shall not constitute a waiver of or affect any notice or demand given, suit instituted, or judgment obtained by Franchisor, or be held to waive, affect, change, modify, or alter the rights or remedies which Franchisor may have to equity or at law or by virtue of this Agreement at the time of such payment.

ARTICLE 13. COSTS, EXPENSES, ATTORNEY'S FEES

In any action to enforce the covenants and agreements of this Agreement, the prevailing party shall recover from the other party all costs, expenses, and reasonable attorney's fees incurred or paid by the prevailing party in connection with such litigation or enforcement of the covenants and agreements set forth herein.

ARTICLE 16. REMEDIES

All such rights and remedies may be exercised and enforced concurrently and whenever and as often as Franchisor shall deem desirable.

ARTICLE 17. REPRESENTATIONS

It is understood and agreed by Franchisee that Franchisor has made no representations or promises with respect to the Premises or the making or entry into this Agreement except as in this Agreement expressly set forth, and that no claim or liability or cause for termination shall be asserted by Franchisee against Franchisor for, and Franchisor shall not be liable by reason of breach of, any representations or promises not expressly stated in this Agreement.

ARTICLE 18. WAIVER

The failure of Franchisor to insist upon strict performance by Franchisee of any of the covenants, conditions, and agreements of this Agreement shall not be deemed a waiver of any of Franchisor's rights or remedies and shall not be deemed a waiver of any subsequent breach or default by Franchisee in any of the covenants, conditions, and agreements of this Agreement. No surrender of the Premises shall be effected by Franchisor's acceptance of rent or by the other means whatsoever unless the same be evidenced by Franchisor's written acceptance of such a surrender.

- d. Interpretation. The necessary grammatical changes required to make the provisions of this Agreement apply to the plural sense, where there is more than one franchisee and to either corporations, associations, partnerships, or individuals, males or females, shall in all instances be assumed as though, in each case, fully expressed. The laws of the State of Wisconsin shall govern the validity, performance, and enforcement of this Agreement. The submission of this Agreement for examination does not constitute an offer to lease, or a reservation of or option for the Premises, and this Agreement becomes effective only upon execution and delivery thereof by Franchisor and Franchisee. The captions used herein are convenience only and do not define, limit, describe, or construe the terms of this Agreement.
- e. Severability. No provision of this Agreement shall be construed or interpreted in any manner which would render such provision invalid. WHEREAS, there are approximately 73 properties within the Village near or on Main Street, some of which desire water service from the Utility; and

WHEREAS, the Village is desirous of facilitating and assisting with the construction of the new water delivery facilities, including the financing of the cost of such construction; and the Village intends to undertake the work, as should be necessary to provide water delivery facilities consistent with current standard industry specifications, practices and design, and regulatory requirements of the Wisconsin Department of Natural Resources (the "Water Service Facilities"); and

WHEREAS, the Village desires that the properties be served by the Utility, and to transfer to the Utility all right, title and interest in and to the new water delivery facilities, and any part or parts thereof being so acquired, so that the Utility becomes the owner of the water delivery facilities serving the Main Street area; and

WHEREAS, the Utility is desirous of acquiring the newly constructed water delivery facilities servicing the Main Street area, and to provide water service to the properties, residents and businesses of the area.

NOW, THEREFORE, in consideration of the mutual promises set forth herein and for other good and valuable consideration, the receipt and sufficiency of which is acknowledged, the Parties hereby agree as follows:

1. Recitals. The foregoing recitals are accurate and are incorporated and made part of this Agreement.
2. Acquisition. The Village agrees to transfer to the Utility, and the Utility agrees to accept and acquire the assets comprising the Water Service Facilities, pursuant to the terms and conditions of this Agreement.
3. Obligations of the Village. The obligations of the Village under this Agreement are as follows:
 - 3.1 The Village shall provide the engineering, construction work and project management for the new water delivery facilities, so as to result in a fully operational system of water delivery facilities consistent with current standard industry specifications, practices and design, and which meets regulatory requirements of the Wisconsin Department of Natural Resources, and which meets the approval of the Utility;
 - 3.2 The Village may undertake public financing of the project, and in accordance with Section 66.0703, *et seq.*, Wisconsin Statutes, may recover the costs thereof *via* special assessments of the benefitted properties.
 - 3.3 The Village shall administer its permit process for the plumbing modifications necessary to be effected by the connecting business structures within the project area, and in so doing ensure that the plumbing is ready for installation of the meters to be supplied by the Utility.
 - 3.4 The Village will require all connecting property owners to complete Utility service applications, in the form required by the Utility for registration of new customers, before the meter is provided for the property and water service turned on.

- 3.5 The Village shall transfer title and convey the Water Services Facilities to The Utility as set forth below, subject to any required governmental and regulatory approvals, on the Transfer Date as defined below.
- 3.5.1 The Transfer Date shall be a date specified by the Utility on which day that it has accepted the completed work and the then-current physical and legal status of the Water Services Facilities, and on which the Utility shall assume responsibility as owner for the operation of the Water Services Facilities, and open the connection of the Water Services Facilities to the Utility-served properties in the Main Street area. This transfer of Water Service Facilities shall not include the existing wells, which shall be disconnected as provided in §3.7 below.
- 3.6 It shall be the responsibility of the Village to provide for the Utility any easements, including permanent easements and temporary construction easements, necessary for the construction, permanent location, and use, maintenance, repair, enlargement and replacement of a connection between the Utility's water main and the Water Service Facilities, whether it shall be necessary for the Village to obtain such easements across private property, all without cost to the Utility, and to that end shall cooperate with the Utility in the exercise of eminent domain authority if necessary with respect to private property.
- 3.7 The existing well(s) shall remain the property of the private property owners. After the Transfer Date (to be later agreed to by Village and Utility), the Village shall require private property owner applicants to be responsible for disconnecting the existing well(s) in accordance with this section and §4.9 below.
- 3.8 The Village shall require private property owner applicants to contract with a licensed plumber to install meter horns in the properties to be served by the Water Facilities, the cost for which shall be paid by the property owners. The meters shall be supplied and installed by the Utility, as provided in §4.4 below.

3.9 The Village shall provide an assignment to the Utility of the warranties provided by the contractor(s) who constructed the water delivery facilities system.

4. Obligations of the Mequon Water Utility. The obligations of the Mequon Water Utility under this Agreement are as follows:

4.1 The Utility shall provide pre-construction review of the engineering plans and specifications which shall be provided by the Village to the Utility in auto-cad format.

When approved, the Utility shall provide an owner letter to the Wisconsin Department of Natural Resources attesting to such fact.

4.2 The Utility shall provide any inspection which it deems necessary during the construction of the Water Service Facilities, and will assist the Village and the contractor with start-up operations for the newly constructed Water Service Facilities. The actual costs for such services shall be billed to the Village.

4.4 The Utility shall provide and install one (1) meter for each connecting property.

4.5 After the Water Service Facilities have passed final inspection, certifying that they are installed according to Utility Standards, the Utility shall acquire and take possession of the Water Service Facilities on the Transfer Date.

4.8 When performing future maintenance, repair, enlargement or replacement of the Water Facilities, the Utility shall restore at its expense any easement area or right-of-way necessary for the location and maintenance of the Water Service Facilities and the connection to the Utility water main, so that it reasonably approximates its condition just before disturbance, if disturbed by Utility construction or maintenance activity after the Transfer Date, except that no previously existing landscaping which is inconsistent with the purpose for the easement and the future maintenance of the Water Service Facilities or the connection shall be restored or replaced.

4.9 After the Transfer Date, the connecting property owners shall be solely responsible for disconnecting of the existing well(s) in accordance with federal, state and local laws and regulations, after the customers have all connected to the new facilities and the wells are no longer required for potable water service.

5. New Customer Refund. The Village shall be entitled to a refund of a portion of its Contribution in Aid of Construction should additional customers connect to the main constructed in this project within a 10-year-period commencing with the Transfer Date. For each customer connecting to the water main, the Utility agrees to pay the refund to the Village no later than January 31st of the year following such connection even if such payment date is beyond the 10 year period from the Transfer Date. The refund will be calculated annually by the Water Utility on a Residential Equivalent Unit (REU) basis in accordance with the Water Utility Connection Rules. A sample calculation of the refund provisions in place at the time of this agreement is attached as Exhibit B. In no event shall the amount of the refund due to Village be greater than the amount of actual REU charges the Utility collects from such additional customers.

Honorable Village Board Members,

It is an honor to present our 2015 Annual report on behalf of the dedicated men and women of the Thiensville Fire Department for your review. As expected, with the addition of Grafton Fire Department's Paramedic Program going live, the T.F.D. experienced a 20% reduction in overall calls for service from the previous year. Although there was a significant reduction in call volume, there were a total of 91 calls that were overlapping that the department had to respond to. The average time the first due vehicle was on scene within in (5) minutes or less is an impressive 52%. 88% of the time, the first due apparatus was on scene within (8) minutes which is very good for a paid-on-call department. Our average overall response time in the village for both fire and EMS was 5.37 minutes which rivals response times of career departments. This amazing statistic is a reduction of 18 seconds from last year alone!

Although providing efficient, professional 911 services is paramount to our department, the dedicated men and women of the T.F.D. continued their outstanding commitment toward community outreach with 26 different activities that were logged last year reaching over an estimated 7,300 people. There are countless more spontaneous informal tours and community outreach opportunities that were not documented by staff as well.

All these achievements would not be possible without your support. I hope that the following report will provide an overview of the many great things that the dedicated men and women of the Thiensville Fire Department provide to ensure the health and safety of all our residents, business owners and visitors.

Regards,

Executive Summary

The Thiensville Fire Department is a data driven organization. The officer core meets regularly to discuss ways to improve the delivery of services. It is a result of our focus that we were able to continue our three-year trend to reduce our average response times. From 2014 to 2015 we were able to shave 18 seconds off of our Village average response times to 5.37 minutes.

A significant opportunity presented itself as it relates to our EMS medical control. After a lengthy research and discussion, EMS Director Captain Elisabeth Handgraaf recommended that we switch our medical control to be based out of Aurora Medical Center-Grafton. The newly forged partnership will result in robust training opportunities, greatly reduce the department's recurring State of Wisconsin EMS recertification costs, capitalize on Aurora's purchasing power related to purchasing medical supplies and medications and much more!

Over 2015, Lieutenant Michael Barrett and Lieutenant Joel Deutsch worked diligently to improve the T.F.D.'s hiring process by improving our screening of potential candidates through a written exam and a more comprehensive interview. A greater focus was placed on our orientation process to ensure new probationary employees understand their roles and responsibilities as a department member to improve our retention of new members.

The world of paid-on-call fire service is no different than any other business in that it is in many ways a capitalistic market which firefighter/EMTs tend to want to be associated with a department that can provide competitive wages, good work environment, robust training opportunities, etc. This is especially true when it comes to paid-on-call paramedics. Many surrounding fire departments in Ozaukee County are paying paramedics hourly to be on call. Due to budget restraints, the T.F.D. is not able to get into a bidding war with surrounding paramedic services. We have one of the nicest stations in Ozaukee County thanks to the generous donation of over \$380,000 by the Thiensville Fire Department Inc. several years ago but there was a need to get creative to retain the dedicated members of the department. It was a result of cooperation and out-of-the box thinking that led to a new incentive program that rewarded members that met their unpaid minimum 72 duty hours monthly and reward those that go above and beyond those hours with a further stipend in 24-hour increments.

Training

Education remains a vital pathway to our high quality delivery of all hazard emergency response, public education and fire prevention. To that end, we continued to send new members to firefighter I and basic level emergency medical technician to satisfy their minimum requirement for active duty on the T.F.D. Thiensville Fire Department is the only department to require both Firefighter I and EMT-Basic in Ozaukee County but it allows us the greatest flexibility in staffing for emergencies in the Village and mutual aid. In addition to providing sponsorship for certification classes, the department offers (3) fire practices monthly, one EMS training, and regular dive/rescue trainings for the dive team. We were able to do a significant amount of training on an acquired building on Green Bay Road which provided countless hours of realistic training scenarios.

EMS

While EMS call volume dropped with the addition of Grafton Fire Department's Paramedic Program going live, the T.F.D. continued to provide intercept service to the City of Cedarburg and provide consistent, excellent paramedic level 911 services to the Village of Thiensville. 2015 was an exciting year for the EMS sector of the department because (3) personnel pursued Paramedic Level Certification. Two out of the three are now certified and going through their respective preceptor process and the third should be completed with class in early 2017.

Another exciting development in the EMS sector of the T.F.D. is that work began on the switching of medical control to Aurora Medical Center-Grafton. With that newly forged relationship, comes significantly better access to training resources to ensure the best possible EMS practices, a drastic reduction of EMS recertification costs, access to the greater buying power of the Aurora network for medications and the elimination of wasted medications due to expiration!

Fleet

The Village of Thiensville is fortunate to have a strong funding partner in the Thiensville Fire Department Incorporated. The non-profit fund-raising group is responsible for funding 70% of the fleet and is responsible for purchasing of the following:

- Both Advance Life Support Ambulances and monitoring equipment
- Command Vehicle
- EMS Utility All-Terrain Vehicle
- Dive Truck and all Dive Equipment
- Paramedic Intercept Vehicle
- Inspection and Training Van
- Fire Station Remodeling Project

2015 served as a reminder of the dangers of an aging fleet. On several separate occasions we had (1) of our (3) heavy pieces of apparatus out of service due to significant failures such as, air lines rotting, water pipe and valve failures, etc. What is disturbing is not necessarily the failures alone but rather the frequency of the failures and the down time needed to make the repairs. Clearly these are to be expected when (1) of the three main fire suppression apparatus' is now 31 years old and another one will be 20 years old next year. Without a viable capital replacement plan these issues will only continue to grow!

The other reality of aging equipment is they simply do not meet the safety standards of today. The 31 year old engine still has lap-only seatbelts, no enclosure over the rear-seated firefighters, no anti-lock braking systems and no air bag or rollover protection. Although the almost 20-year engine-tender has modern style seatbelts, it lacks airbag systems and anti-lock brakes that are now standard on new equipment.

Due to the continual safety and engineering improvements that come to the industry every year, the cost difference between model years can increase easily in the range of \$25,000-\$40,000 which makes deferring purchases an expensive option both in maintenance of existing equipment and the cost of new equipment.

Fire Prevention

The fact that the Village of Thiensville has such a relative low fire experience rate especially in our commercial buildings, schools, assemblies, and multi-family buildings can be partially attributed to our ongoing commitment to reach every one of these occupancies at least twice per year through our inspection process. There are over 200 multi-family, assembly, school and commercial properties that are inspected every six-month inspection cycle. A significant fire can have devastating consequences on a small business. Our continued inspection efforts help minimize business disruption and improve life safety for the general public using these buildings. Our goal in doing these inspections is always educational first with enforcement action being a last resort! We continue to reap the benefits of our shared service agreement with North Shore Fire Department for life safety and plan review services for major remodeling or new construction projects. It is important to remember the T.F.D. receives the benefit of the NSFD Fire Marshal at no cost to our operating budget. All costs are paid through the NSFD's permit and submittal fees by the entity pulling the permits.
